An Appeal has been filed on behalf of the property owner with the State Board of Equalization on September 28, 2005.

This matter was reviewed by the undersigned administrative law judge pursuant to Tennessee Code Annotated (T.C.A.) §§ 67-5-1412, 67-5-1501 and 67-5-1505. The hearing was conducted on December 12, 2006, at the Davidson County Assessor's Office; present at the hearing were Mr. M. Davis Gravely, the taxpayer's representative and Mr. Dennis Donovan, Division of Assessments for the Metro. Property Assessor.

FINDINGS OF FACT AND CONCLUSIONS OF LAW

Subject property consists of a commercial tract (d/b/a Tennessee Electric Motor Company) located at 406-6th Avenue South and 523 Franklin Street locations in Nashville, Tennessee .

The taxpayer's representative, contends that the property is worth \$700,435. The County representative testified and presented proof that the value is \$785,900.00¹ based upon the income approach to value (refer to county's exhibit # 1).

The administrative judge finds that the subject property should be valued at \$785,900. The germane issues are the value of the property as of January 1, 2005. The basis of valuation as stated in T.C.A. § 67-5-601(a) is that "[t]he value of all property shall be ascertained from the evidence of its sound, intrinsic and immediate value, for purposes

of sale between a willing seller and a willing buyer without consideration of speculative values”

Since the taxpayer is appealing from the determination of the Davidson County Board of Equalization, the burden of proof is on the taxpayer. See State Board of Equalization Rule 0600-1-.11(1) and *Big Fork Mining Company v. Tennessee Water Control Board*, 620 S.W. 2d 515 (Tenn. App. 1981).

In this type of an appeal the petitioner must show by a preponderance of the evidence that an allegation is true or that the issue should be resolved in favor of that party. Uniform Rules of Procedure for Hearing Contested Cases. Rule 1360-4-1-.02 (7).

General appraisal principles require that the market, cost and income approaches to value be used whenever possible. Appraisal Institute, *The Appraisal of Real Estate* at 50 and 62. (12th ed. 2001). In appraising real estate for market value, there are three (3) approaches to value. The cost approach, the sales comparison approach and the income capitalization approach. Through the presentation of appropriate competent evidence using the income approach to the subject business entity the County has shown that the values should be changed to reflect that proof.

With respect to the issue of market value, the administrative judge finds that Mr. Gravely did not introduced sufficient evidence to affirmatively establish the market value of subject property as of January 1, 2005, the relevant assessment dates pursuant to Tenn. Code Ann. § 67-5-504(a).

ORDER

It is therefore ORDERED that the following value and assessment be adopted for tax year 2005:

<u>Parcel 254.00</u>			
<u>LAND VALUE</u>	<u>IMPROVEMENT VALUE</u>	<u>TOTAL VALUE</u>	<u>ASSESSMENT</u>

<u>LAND VALUE</u>	<u>IMPROVEMENT VALUE</u>	<u>TOTAL VALUE</u>	<u>ASSESSMENT</u>
\$104,800	\$1,900	\$106,700	\$42,680

It is FURTHER ORDERED that any applicable hearing costs be assessed pursuant to Tenn. Code Ann. § 67-5-1501(d) and State Board of Equalization Rule 0600-1-.17.
